

# Retail Partner B2B Program

Stake your claim in  
North America's \$8 billion  
contents replacement market

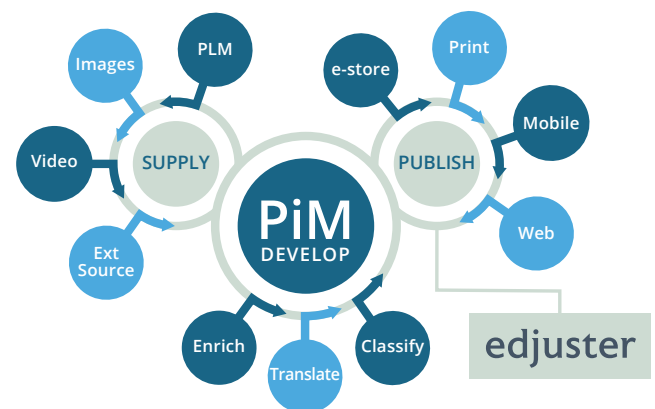

Partner with **North America's leading contents valuation company** to access the market of replacement sales for top insurance providers and their customers.

- edjuster is trusted by top insurers to streamline their claims-handling process with accurate replacement recommendations and cost assessments.

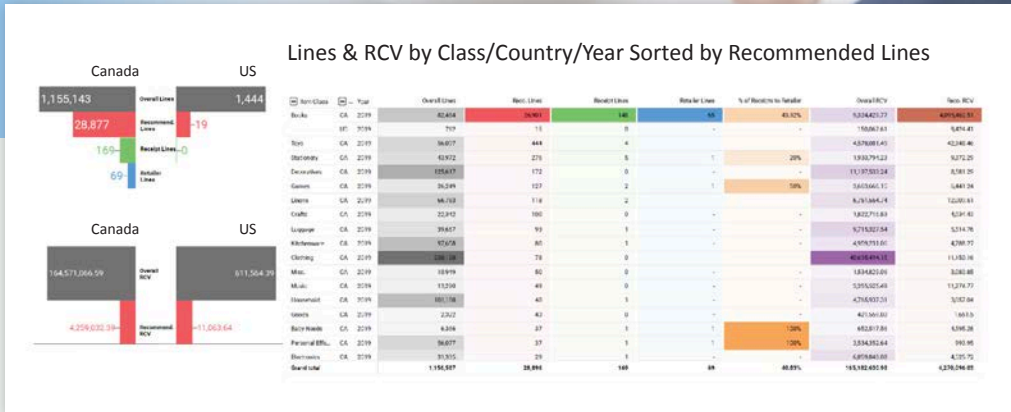

Leverage your existing product information to **take control of your brand and product positioning** to the insurance market at no additional cost.

- Share your product data with edjuster and provide guidance on how your catalog is organized.
- Increase your brand and products' exposure to property loss and damage claims caused by theft, fire, water or other perils.

Gain insights to the property insurance industry and create new marketing capabilities for your team.

- Gain access to edjuster's view of your metrics, to understand how your products are positioned to insurance customers, and develop tactics to influence their purchase decisions.
- Partner with edjuster to develop marketing and fulfillment capabilities that will sharpen your competitive edge to drive sales to the insurance market.

## Partnering with edjuster to set a B2B strategy is easy
